Psychiatrická starostlivosť v SR 2007

Psychiatric care
in SR 2007

Ročník 2008
ZŠ-4/2008

Content

Introduction	11
Evolution of bed fund indicators in domain of psychiatry, gerontopsychiatry and medicine of substance related addiction	13
Network of health facilities in domain of psychiatry, gerontopsychiatry and medicine of substance related addiction by counties	13
Outpatient units in psychiatric facilities	14
Activity of the specialists in outpatient units according to the number of examination	15
Review of outpatient protective treatment	15
Number of persons admitted to outpatient protective care by type of treatment in SR (graph)	16
Evolution of incidence of mental disorders in total (graph)	16
Number of patients first time examined in psychiatric outpatient units in the monitored year	17
Number of patients ever the first time examined in psychiatric outpatient units in the monitored year	19
Number of examinations in psychiatric outpatient units according to the diagnosis	21
Hospitalized patients in psychiatric facilities by gender, age, and territory	22
Hospitalized patients in psychiatric facilities by gender, age, and territory – not discharged in the monitored year	28
Hospitalized patients in psychiatric facilities by gender, diagnosis group, and territory – discharged in the monitored year	32
Hospitalized patients in psychiatric facilities by gender, diagnosis group, and territory – not discharged in the monitored year	36
Repeatedly hospitalized patients in psychiatric facilities by gender, period of previous hospitalization, and territory – discharged and not discharged in the monitored year	40

Hospitalized patients in psychiatric facilities by gender, period of hospitalization, and territory – discharged in the monitored year	42
Hospitalized patients in psychiatric facilities by gender, age, and territory – dead in the monitored year	44
Hospitalized patients in psychiatric facilities by gender, age, and territory – dead in the monitored year	46
Hospitalized patients in psychiatric facilities by age, gender, and diagnosis group – discharged and not discharged in the monitored year	50
Hospitalized patients first time in life and first time in year in psychiatric facilities by age, gender, and diagnosis group	52
Hospitalized patients in psychiatric facilities by diagnosis group, gender, and admission	54
Repeatedly hospitalized patients in psychiatric facilities by diagnosis group, gender, and period from previous hospitalization	55
Contact with this health facility of hospitalized patients in psychiatric health facilities by groups of diagnoses, and gender	56
Hospitalized patients in psychiatric facilities by gender, diagnosis group, and territory of permanent residence – at the age till 15	58
Hospitalized patients in psychiatric facilities by gender, diagnosis group, and territory of permanent residence – at the age from 15 to 17	62
Hospitalized patients in psychiatric facilities by gender, diagnosis group, and territory of permanent residence – at the age from 18 to 59	66
Hospitalized patients in psychiatric facilities by gender, diagnosis group, and territory of permanent residence – at the age of 60 and more	70
Working status of hospitalized patients in psychiatric health facilities first time at all, and first time in monitored year by gender and age groups	74
Working status of hospitalized patients in psychiatric health facilities first time at all, and first time in monitored year by gender and groups of psychiatric diagnoses	76
Hospitalized patients in psychiatric facilities ever first time and first time in the monitored year by the family status, gender, and age groups	78
Hospitalized patients in psychiatric facilities ever first time and first time in the monitored year by the family status, gender, and diagnosis groups	79
Hospitalized patients in psychiatric facilities ever first time and first time in the monitored year by the education level, gender, and age groups	80
Hospitalized patients in psychiatric facilities ever first time and first time in the monitored year by the education level, gender, and diagnosis groups	82

Care (psychiatric) after discharge/transfer of hospitalized patients with organic mental diseases including symptoms (F00 – F09) in psychiatric health facilities by gender in territorial split of health facility	84
Care (psychiatric) after discharge/transfer of hospitalized patients with mental and behavioral disorders caused by use (usage) of alcohol (F10) in psychiatric health facilities by gender in territorial split of health facility	88
Care (psychiatric) after discharge/transfer of hospitalized patients with mental and behavioral disorders caused by use (usage) of psychoactive substances (F11 – F19) in psychiatric health facilities by gender in territorial split of health facility	94
Care (psychiatric) after discharge/transfer of hospitalized patients with schizophrenia, schisotypal and delusional disorders (F20 – F29) in psychiatric health facilities by gender in territorial split of health facility	100
Care (psychiatric) after discharge/transfer of hospitalized patients with mood [affective] disorders (F30 – F39) in psychiatric health facilities by gender in territorial split of health facility	104
Care (psychiatric) after discharge/transfer of hospitalized patients in psychiatric health facilities by gender in psychiatric health facilities by groups of psychiatric diagnoses and gender	108
Hospitalized patients in psychiatric facilities by diagnosis groups, gender, lenght of stay discharged in the monitored year	110
Care (psychiatric) after discharge/transfer of hospitalized patients in psychiatric health facilities discharge/transfer and gender	111
Verbal expression of diagnoses (ICD-10) used in publication	113
Codes of regions SR	114

Introduction

The publication offers information about activities of health facilities in the field of psychiatry, gerontopsychiatry and substance addict medicine.

Basis for processing statistical data displayed in the publication was Annual report on activity of psychiatric out-patient unit A (MZ SR) 4-01, Statistical leaflet of a patient hospitalized in psychiatric facility ZS (MZ SR) 1-12 and for completing indicators of bed fund of institutional psychiatric facilities was retrieved from statistics of Annual report about bed fund of health facility L (MZ SR) 1-01.

The publication contains processed statistical data on activity in psychiatric outpatient units (376 units) – number of examinations, number of patients on protective treatment and number of registered patients according to diagnosis. 1656204 examinations were executed in psychiatric out-patient units in the year 2007, thereof most for affective disorder (F30 – F39) 360144 examinations.

Outline of hospitalized patient in psychiatric health facilities with reporting duty are displayed in tables 9 – 39.

In the year 2007 psychiatric care was assured 77 sections of fields psychiatry, gerontopsychiatry, substance addict medicine and child psychiatry in facilities of institutional care with bed fund 4450 beds which were utilized by 78,8%. 15 beds fell into one physician post, and average length of stay was 32,3 days. In the year 2007 number of physician posts was 295,31 in bed facilities, and 325,37 in outpatient units.
